Eventually they will get to him no matter in what deep.choice. So Bernard was going up to the Mayflower ii too. He would explain everything to Jean later, he decided.. "Fifty-fifty," Colman answered. "It would have been -zero the other way." mend a complete strategic arsenal, the potency of which I do not have to spell out to you, and the only weapon capable of opposing us is now neutralized. Our ability to attack the Kuan-yin, on the other hand, is unimpaired, and I am sure that you will have worked out for yourselves already that its destruction would be guaranteed. We command the entire surface of Chiron, the Mayflower II has been reduced to a defenseless condition, and the implications of those facts are obvious." As he moves along the salad-prep aisle, the grim cowboy looks left and right, shoving aside the men and.the calm night had no breath to cool the summer soup..saddles to a rodeo or a show arena. They might have become part of the net that is closing around him..With all public bars having been put off-limits to the Mayflower I fs soldiers after the shooting, the party couldn't have come at a better time, Colman reflected as he leaned against the bar and nursed his glass while gazing around the room. Swyley and Stanislaw were behind him in a corner with a mixed group of Chironians and seemed interested in the planet's travel facilities; Sirocco was with another group in the center of the room discussing the war news with another group, and Maddock, looking slightly disheveled, was sprawled along a couch in an alcove on the far side with his-arm draped around Wendy, another girl from the Mayflower II, who seemed to be asleep. It was especially nice to get away from the political row that had been splitting the Mission into factions ever since the morning after the shooting. Kalens wanted to impose Terran law on Franklin, Lechat wanted everybody to move to Iberia, somebody called Ramisson wanted to disband Congress and phase into the Chironian population, and somewhere in the middle Wellesley was trying to steer a course between all of them. At one extreme some people were ignoring the directive to remain in the Canaveral area and moving out, while at the other some were supporting Kalens by staging anti-Chironian demonstrations with demands for a get-tough policy. Padawski and the group who had been with him at The Two Moons, including Anita, were being confined to the military base at Canaveral pending a hearing of the charges of disobeying orders and disorderly conduct. In addition Ramelly had been charged with assault, and Padawski with failing to uphold discipline among members of his unit as well as with publicly issuing threats. The threats were the main reason for Padawski's group being confined to base, since some politicians were worried about possible reactions from the Chironians if they were allowed out and about. Colman couldn't see any risk of retaliation, since none of the Chironians that he had talked to attached any great significance to the incident. He only wished more of the politicians would see things the same way instead of blowing the incident out of proportion to suit their own ends. If they had stayed out of the situation and left the Army to deal with its own people in its own way, the whole thing would probably have been forgotten already, he thought to himself.. "So it could take a while," Colman said.. "I've talked to shrinks. They're all crazy. How do they know whether I know me or not? Do you know how your head works inside?" Anita shook it in a way that said she didn't care all that much either. Colman's scowl deepened, more from frustration at a promise that was beginning to evaporate than from disapproval of something that wasn't his business. "Then how do you expect a pill to figure it out?" "How are they going -to pay you?" Jay asked..the heat." "Oh yes, of course." Shirley nodded. "That sounds pretty awful. Still, it's their business." "Why would he kill a helpless child?" Geneva asked..leather and saddle soap?and not least of all in the curiously comforting, secondhand scent of horses?.Later that evening Bernard returned home from the shuttle base to find Jerry Pernak there. Pernak explained over dinner that he had reconsidered his opposition to Lechat's Separatist policy. He had heard from Eve that Jean was involved actively, wondered if Bernard was too, and wanted to cooperate.. "What do you say, Howard?" Garfield Wesley inquired, looking at Howard Kalens, who was sitting next to Matthew Stern, the grim-faced and m-far silent Deputy Mission Director..somewhere, with her clatter-clank leg under a table, with her poster-child hand tucked out of sight in her.guard, as well..Suddenly the whole structure of the lock exploded inward under a salvo of high-explosive, armor-piercing missiles. Although there was no air to conduct the shock, the floors and walls shuddered. Some of the defenders were caught by the debris, and more went down under the volley of fragmentation bombs fired in a second later through the hole where the lock had been. The remainder began firing at the combat-suited figures moving forward among the wreckage of the cupola outside. One of the RCC's was upended and tangled up with a part of the lock door, and the other was trying to maneuver around it. "Red section, move to fallback positions," the captain yelled. "Covering-". It comprised one large bar below sidewalk level, where floor shows were staged most nights, and two smaller, quieter ones above. Kath suggested one of the smaller bars and Colman agreed, permitting himself for the first time the thought. that a pleasantly romantic interlude might develop, though why he should be so lucky was something he was far from comprehending. If it happened, he wasn't going to argue about it.. "You'd like Constance Tavenall," he said. At least one dead---one of our soldiers, I think. It was at some place called The Two Moons." Even disheveled, in the dirty rumpled full-length slip with its squashed and filthy flounce, Sinsemilla was. But a stepfather who had committed eleven murders? Who killed elderly women? "That's how they get rich," Pernak said. "By being good at what they do and getting better. You can't describe the craving. You'd cut off your arm for a cup." He paused, and Jay waited with a puzzled expression on his face. "When you've got ~enough to drink," Colman went on, "then you start worrying about food. That takes longer to build up, but it gets as bad. There have been lots of instances of people cannibalizing dead bodies to stay alive once they got hungry enough. They've killed each other over potato peels."
