After poring through enough sensational newspaper accounts to be convinced that the curse-casting reverend

was undeniably dead, Junior had acquired four pieces of surprising information. Three were of vital importance to him..Off the hard surfaces of cabinets, refrigerator, and ovens, the twin reports crashed and rattled. The windowpanes briefly thrummed..Junior was reminded of a scene in an old movie, something Naomi wanted to watch, a love story set during the Black Plague: a horse drawn cart rolling through the medieval streets of London or Paris, the driver ringing a hand bell and crying, "Bring out your dead, bring out your dead!" If contemporary San Francisco had provided such a convenient service, he wouldn't have had to toss Neddy Gnathic in the Dumpster in the first place.."Quick, very quick," he warned, helping Grace through the fire framed window and onto the roof of the porch..When Seraphim's bastard baby was dead, evidence of paternity would die with it-and any claim for child support. Even Vanadium's stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit would have to recognize that all hope of bringing Junior down was lost, and it would at last either dissipate in frustration or be reincarnated..In spite of the thousands of hours that Paul was afoot, he seldom thought about why he walked. He met people along the way who asked, and he had answers for them, but he never knew if any answer might be the truth..On the High Marsh.They had not come to Junior yesterday in their grief, if in fact they had thought to grieve..Junior realized that thick drool oozed out of the right corner of his mouth. Shakily, he raised one hand to wipe his face..With that thought, he made himself laugh. Unfortunately, his laughter was high-pitched and shaky, and it scared the hell out of him..Junior had thought most other policemen must consider Vanadium to be a loose cannon, a rogue, an outcast. Perhaps the opposite was true-and if it was, if Vanadium was highly regarded among his peers, he was immeasurably more dangerous than Junior had realized..Jacob had become a card mechanic for one purpose. Not because he'd ever be a gambler. Not to wow friends with card tricks. Not because the challenge intrigued him. He wanted to be able to give Agnes winning cards once in a while, if she was losing too frequently or needed to have her spirits lifted. He didn't feed her winning hands often enough to make her suspicious or to make the games less fun for Edom or Joey. He was judicious. The effort he expended-the thousands of hours of practice-was repaid with interest each time Agnes laughed with delight after being dealt a perfect hand.."I was twenty-three. At St. Anselmo's I was the prefect of one dormitory floor. The floor on which all the murders occurred. After that ... I decided maybe I could better protect the innocent if I were a cop. For a while, the law gave me more to hold on to than faith did." Sweet-tempered, generous, honest, kind Naomi had surely been incapable of murdering anyone-least of all the man she loved..To Dr. Parkhurst, Vanadium said, "In my work, I see lots of people who've just lost loved ones. None of them has ever puked like Vesuvius." His apartment, over the large garage, was reached by a set of exterior stairs. The space was divided into two rooms. The first was a combination living room and kitchenette, with a corner dining table seating two. Beyond was a small bedroom with adjoining bath..Junior had come to the gumshoe four days ago, with business that might have made a reputable investigator uncomfortable. He needed to discover whether Seraphim White had given birth at a San Francisco hospital earlier this month and where the baby might be found. Since he wasn't prepared to reveal any relationship to Seraphim, and since he resisted devising a cover story on the assumption that a competent private detective would at once see through it, his interest in this baby inevitably seemed sinister.."At the back of the second gallery, on the left, there's a corridor. The rest rooms are at the end of it, beyond the offices." After the service, among those who came to Agnes at graveside, trying to express the inexpressible, was Paul Damascus, the owner of Damascus Pharmacy on Ocean Avenue. Of Mideastern extraction, he had dark olive skin and, incredibly, rust-red hair. With his rust-red eyebrows, lashes, and mustache, his handsome face looked like that of a bronze statue with a curious patina..He had come to believe that every well-rounded, self-improved person ought to have a craft at which he excelled, and needlepoint appealed to him more than either pottery-making or decoupage. For pottery, he would require a potter's wheel and a cumbersome kiln; and decoupage was too messy, with all the glue and lacquer. By December, he began his first project: a small pillowcase featuring a geometric border surrounding a quote from Caesar Zedd, "Humility is for losers." Maria set aside two cards before turning another faceup. This was also an ace of hearts..Truly, the time spent helping Agnes had given her uncountable new subjects for paintings and had begun to bring to her work a new depth that excited her. "When you pour out your pockets into the pockets of others," Agnes had once said, "you just wind up richer in the morning than you were the night before." Sitting on a stool at the counter, he ordered a cheeseburger, coleslaw, french fries, and a cherry Coke..The physician saw the look and understood it. A blush pinked his long, pale face. "Celestina, you're quite beautiful, and I'm sure you've learned to be wary of men, but I swear that my intentions are entirely honorable." In the present, long after the execution of Josef Krepp, half a block ahead, lay the Lipscomb house. Beyond it, the Lampion place..I know what you're thinking," her mother said, reaching across the table and placing one hand over Celestina's. "I know how useless you feel, how helpless, how small, but you must remember this . . . And as he grew, the boy seemed content with his own company and that of his mother and his uncles. Yet Agnes worried that no children his age lived in their neighborhood. She thought he would be happier if he had a playmate or two..So burning with anger was he that his car, by direct thermal transmission from his hands upon the wheel, should have been glowing cherry red in the January night, should have been scorching tunnels of clear dry air through the cold fog. Rancor, virulence, acrimony, vehemence: All words learned for the purpose of self-improvement were useless to him now, because none adequately conveyed the merest minimum of his anger, which swelled as vast and molten as the sun, far more formidable than his assiduously enhanced vocabulary..To achieve certain narrative effects, I've fiddled slightly with the floor plan and the interior design of St. Mary's Hospital in San Francisco. In this story, the characters who work at St. Mary's are fictional and are not modeled after anyone on the staff of that excellent institution, either past or present..Junior knew that he looked as guilty as any man had ever looked this side of the first apple and the perfect garden. The sweating, the spasms of violent tremors, the defensive note that he could not keep out of his voice, the inability to look anyone directly in the eyes for more than a few seconds-all were telltales that none of these professionals would overlook. He desperately needed to get a grip on himself, but he couldn't find a handle..As though giving voice to her worst fear had made it come true, Agnes was seized by a contraction so painful that she cried out and clutched the paramedic's hands tightly enough to make him wince. She felt a peculiar swelling within, then an awful looseness, pressure followed at once by release..A tune clinked off the keys of a phantom piano in Junior's mind, "Someone to Watch over Me." The hawk-eyed watcher was the pianist at the elegant hotel lounge where Junior had enjoyed dinner on his first night in San Francisco, and twice since..At first all had gone well. Agnes, Maria, and Edom were rightly amazed. A thrill of wonder and big smiles all around the table. They were enthralled by the astoundingly favorable fall of cards, a breathtaking mathematical improbability..With the earth still tenuously stable beneath them, they arrived at their fifth destination, a new address on Agnes's mercy list..As Barty ascended higher, Agnes's fear became purer, but at the same time, she was filled with a wonderful, irrational exhilaration. That

this could be accomplished, that the darkness could be overcome, struck music from the harpstrings of the soul. From time to time, the boy paused, perhaps to rest or to mull over the three-dimensional map in his incredible mind, and every time that he started upward again, he put his hands in exactly the right place, whereupon Agnes would speak a silent inner yes! Her heart was with Barty high in the tree, her heart in his, as he had been with her, safe inside her womb, on the rainy twilight that she had ridden the spinning, tumbling car to widowhood. The attorney's admission surprised Junior. This was probably as close as Magusson would ever get to saying, Maybe you didn't kill your wife, after all, but he was by nature a nasty prick, so even an implied apology was more than Junior had ever expected to receive. When Junior cut open a grapefruit for breakfast, he didn't find a quarter in it. When together in Agnes's company, Edom and Jacob were brothers, comfortable with each other. But together, just the two, no Agnes, they were more awkward than strangers, because strangers had no shared history to overcome. "Too bad. You might have used that to bargain with." To his room then, where they sat side by side in bed, a plate of chocolate-chip cookies between them. Through the evening, they stepped off this earth and out of all its troubles, into a world of adventure, where friendship and loyalty and courage and honor could deal with any malignancy. The dining table could accommodate six, and Agnes instructed Maria to set two places on each of the long sides, leaving the ends unused. "It'll be cozier if we all sit across from one another." When Frieda finished retching and passed out in a heap, Junior left her on the floor and immediately set out to explore her rooms. "Well," Tom said, "those people who think it's just a trick generally react bigger than you folks, and you know it's real." "I never saw a Moor--never saw the Sea--Yet know I how the Heather looks--And what a Billow be." Agnes's contractions were getting more frequent and slightly more severe, so she said, "All right, but let me go tell Edom and Jacob that we're leaving." "And there's more," said Vinnie Lincoln, as round as Santa Claus and cherry-cheeked with pleasure at being able to bear these gifts. "The policy contained a double-indemnity clause in the event of death by accident. The complete tax-free payout is one and a half million." If Junior were weak-minded enough to succumb to madness, this was the moment when he should have fallen into an abyss of insanity. He heard an internal cracking, felt a terrible splintering in his mind, but he held himself together with sheer willpower, remembering to breathe slowly and deeply. This was his door, however, not hers. She did not possess a ticket to ride the train that had come for him. He boarded, and the train was gone, and with it the light in his eyes. She lowered her mouth to his, kissing him one last time, and taste of his blood was not bitter, but sacred. "Maybe he could if he was able to lift it, but I couldn't throw a pig or an Oreo or anything else into any other place. It's just not something I know how to do." "He's here as sure as I am, Barty. He's very busy, with a whole universe to run, so many people to look after, not just here but on other planets, like you've been reading about." A space was what it appeared to be at first. Eight people were gathered around the dining-room table, which stood utterly bare. No food, no drinks, no centerpiece. They all exhibited that shiny-faced look of people nervously awaiting the revelations of a spirit medium: part trepidation, part soaring hope. "Each life," Barty Lampion said, "is like our oak tree in the backyard but lots bigger. One trunk to start with, and then all the branches, millions of branches, and every branch is the same life going in a new direction." The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English. This was one of many things about Agnes that amazed Edom. If he had dared to make a list of all the qualities that he admired in her, he would have sunk into despair at the consideration of how much better she had coped with adversity than either he or Jacob. This is a tale of those times. Some of it is taken from the Book of the Dark, and some comes from Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it there. She leaned forward in her seat, and toward him, so he could see her more directly, and when she put one trembling hand against his cheek, his head dropped forward on neck muscles as limp as rags, his chin. Paul's Mediterranean complexion didn't make a blush easy to detect, but Tom thought his face brightened until it was a shade or two closer to the color of his rust-red hair. His eyes, usually so direct, evaded Celestina. Somehow, Agnes knew that in his younger days, Obadiah had been a stage magician. Artlessly, she drew him out on the subject. Being blind had few consolations, but Barty found that not being able to look at his uncles' files and books was one of them. In the past, he never really, in his heart, wanted to see those pictures of dead people roasted in theater fires and drowned bodies floating in flooded streets, but a few times he peeked. His mom would have been ashamed of him if she'd discovered his transgression. But the mystery of death had an undeniable creepy allure, and sometimes a good Father Brown detective story simply didn't satisfy his curiosity. He always regretted looking at those photos and reading the grim accounts of disaster, and now blindness spared him that regret. Agnes found this turn of events amazing, amusing, ironic-and a little sad. She would have dearly loved to teach the boy to read and write, to see his knowledge and competence slowly flower under her care. Although she fully supported Barty's exploration of his gifts, and although she was proud of his astounding achievements, she felt that his swift advancement was robbing her of some of the shared joy of his childhood, even though he remained in so many ways a child. Aware of the mortician's new edginess, Jacob was convinced that his initial distrust of Panglo was justified. This twitchy little guy seemed to have something to hide. Jacob didn't have to be a cop to recognize nervousness born of guilt. On Tuesday, less than twenty-four hours after Naomi's funeral, Knacker, Hisscus, and Nork--representing the state and the county held preliminary meetings with Junior's lawyer and with the attorney for the grieving Hackachak clan. As before, the well-tailored trio was conciliatory, sensitive, and willing to reach an accommodation to prevent the filing of a wrongful-death suit. Junior locked the door. He started the engine and drove out of the cemetery faster than was prudent on the winding service road. On the third of June, he found another useless Bartholomew, and on Saturday, the twenty-fifth, two deeply disturbing events occurred. He switched on his kitchen radio only to discover that "Paperback Writer," yet another Beatles song, had climbed to the top of the charts, and he received a call from a woman. Rising from his chair and rolling down his shirt-sleeves, Nolly said, "If you'll be our guest for dinner, I suspect we'll all have a fascinating evenings." He also concluded arrangements to open an account for Gammoner in a Grand Cayman Island bank and one for Pinchbeck in Switzerland. Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work

in the mine; the miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said..As a young man, he had performed first in nightclubs catering to Negroes and in theaters like Harlem's Apollo. During World War II, he'd been part of a USO troupe entertaining soldiers throughout the Pacific, later in North Africa, and following D-Day, in Europe..Maria said nothing, working busily, but Agnes recognized that special silence in which difficult words were sought and laboriously stitched together..Her shaking threatened her composure. She was Barty's mother and father, his only rock, and she must always be strong for him. She clenched her teeth and tensed her body and gradually quieted the tremors by an act of will..After wiping her floury hands, Agnes took the book from him and, examining it, could find nothing wrong. She flipped back a few pages, then a few forward, but the lines of type were crisp and clear. "Show me where, honey."
