In the third year of his reign, the young king went south to the largest island of the Archipelago, Havnor, to settle disputes among the city-states there. Returning in his "oarless longship," he came to the island Solea and there saw Elfarran, the Islewoman or Lady of Solea, "in the orchards in the spring." He did not continue on to Enlad, but stayed with Elfarran. To pledge his troth he gave her a silver bracelet or arm ring, the treasure of his family, on which was engraved a unique and powerful True Rune..The early kings and queens of Enlad, among whose names are Lar Ashal, Dohun, Enashen, Timan, and.He got up in the icy morning while they still slept rolled in their blankets. All the time he was with Gelluk, he had tried to learn from him, tried to understand what the wizard was telling him. Yet he was certain, now, that Gelluk's ideas, the teaching he so eagerly imparted, had nothing to do with his power or with any true power. Mining and refining were indeed great crafts with their own mysteries and masteries, but Gelluk seemed to know nothing of those arts. His talk of the Alking and the Red Mother was mere words. And not the right words. But how did Otter know that?.ago, the rich man of that town was a merchant called Golden..Wathort. Maybe that man, too, had thought he could do no harm..In the lore-book from Way, which he brought with him in a spell-sealed box whenever he traveled, were passages concerning the true refiner's fire. Having long studied these, Gelluk knew that once he had enough of the pure metal, the next stage was to refine it yet further into the Body of the Moon. He had understood the disguised language of the book to mean that in order to purify pure quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering the words this night in his room in the barracks, he discerned another possible meaning in them. There was always another meaning in the words of this lore. Perhaps the book was saying that there must be sacrifice not only of base flesh but also of inferior spirit. The great fire in the tower should burn not dead bodies but living ones. Living and conscious. Purity from foulness: bliss from pain. It was all part of the great principle, perfectly clear once seen. He was sure he was right, had at last understood the technique. But he must not hurry, he must be patient, must make certain. He turned to another passage and compared the two, and brooded over the book late into the night. Once for a moment something drew his mind away, some invasion of the outskirts of his awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and returned to the marvels of the Alking's realm. He never noticed that his prisoner's dreams had escaped him..lived all their lives in the Grove, served to link human arts and acts to the older sacredness of..from other witches and from sorcerers, not from wizards.
