Switching off the overhead lights to save money and to avoid adding heat to the kitchen, Geneva said, "Not that anything about the care home was romantic, other than its Spanish architecture and that touched at what was really at the bottom of it all. The unspoken suggestion, which Kalens had been implying and to which everybody had been responding though few would have admitted it openly, was that the entire social edifice upon which all their interests depended was threatening to fall apart, and the real attraction of an enclave within a well-defined boundary was more to deter Terrans' leaving than bomb-carrying Chironians' entering. Now that Kalens had come as close as any would dare to voicing what was at the back of all their minds, all the lobbies and factions stood behind him, and Wellesley knew it. If Wellesley opposed, he stood to be voted out of office. So, he concurred, and the resolution was passed all but unanimously... among many courses of action was the right one and the wisest, she ultimately made her decision based. Wellesley acknowledged with a nod and gestured toward. "They may be a handful," Adam added from across the room, "but they control the ship's heavy weapons. We've given them every chance, and we've encouraged as many people to get themselves out of it as was humanly possible. Our whole world is at stake. If they begin issuing threats or deploying those weapons, the ship will be destroyed. They' can be no changing that decision. It was made a long time ago." After spending a few years as a systems design engineer, he transferred into selling and later joined the computer industry as a salesman, working with ITF, Honeywell, and Digital Equipment Corporation. "But why does it have to be? Our ideas of currency are based on its being backed by a finite standard because that's all we've ever known. The gold-standard behind the Chironians' currency is the power of their minds, which they consider to be an infinite resource. Therefore they do their accounting with a calculus of infinities. You take something from infinity, and you've still got infinity left." He shrugged. "It's consistent. I know it sounds crazy to us, but it fits with the way they think". Affixed to the door is a stainless-steel plaque with laser-cut letters:.. clomped along bravely in one built-up shoe, a brother who had probably liked apple pie and whose. "No you don't.
